PROFESSIONAL STATEMENT

Kelly has been a social work professional for the past 13 years in multiple settings. She has provided guidance and support to adolescents and teenagers with mental health diagnosis in a residential setting. Additionally she has provided case management services for children, adolescents, and teenagers in home and out-of-home placements. Kelly has also been skilled in providing crisis management and prevention services as needed. Kelly's genuine and empathetic nature allows her to provide compassionate care utilizing evidence-based treatments. She believes in using a client-centered approach in order for each individual to be in charge of their own change.
